1

Profile

I'm now studying in vocational high school in Purwokerto. I very like design, programming and all that computer or networking related.

2

Education

I studied at Mardisiwi Nampudadi Kindergarten for one year. Continue to continue at Nampudadi State Elementary School for six years, and continue to the Karanganya 1 State Junior High School. Currently I continue to Telkom Purwokerto Vocational High School.

3

Experience

I have made a logo design for myself, designed a mobile application for school assignments, and created a program using Python for my school assignments.
